TLE OF THE POLLS IN TWELVE STATES TO-DAY.

The Party from Which Mayor Jones Draws Most Votes Will Lose the State.

Kentucky Looks for Bloodshed Before the Votes Are Counted; Nebraska's Bye-Election and Its Important Bearing on W. J. Bryan.

HIS is election day in twelve States. Ohio, Massachusetts, Maryland, Mississippi, Iowa and Kentucky elect governors and State tickets; New York, New Jersey and Virginia elect Legislatures; Pennsylvania, Nebraska and South Dakota elect judges of the Supreme Court.

Outside of New York the storm centre is in Kentucky, owing to the probability of bloodshed before the votes are counted, but the chief interest centres in Ohio, the President's State, the Stae of Mark Hanna, where six candidates are running for Governor. The campaign of Samuel Jones-"Golden Rule" Jones-Mayor of Toledo, a campaign without a party, an attack upon all parties, has kept the Democratic and Republican managers guessing. Each of them and Jones's manager, too, claims the election of his man as a certainty.

Massachusetts will go Republican and Mississippi and Virginia Democratic to a certainty.

The fight in Nebraska has been rendered lively by the whirlwind campaign of

W. J. Bryan for the Fusion ticket, and the result is only significant as bearing

Both parties claim Maryland, with the Democrats the more confident. Pennsylvania will give its usual Republican majority unles the indignation

of the voters against Quay and his methods causes a revolution. Iowa is almost certainly Republican, but the Democrats believe they can cut

down the 60,000 majority of last year. The result in Kentucky depends upon the vote for Brown, the "Honest Election" Democrat, which is an unknown quantity. His managers and those of Goebel, the regular Democrat, and Taylor, the Republican, predict success, each for his own ticket.

The result in South Dakota is unimportant and uninteresting.

M'LEAN STANDS BY HIS ASSERTION THAT HANNA IS SURELY BEATEN.

INCINNATI, Nov. 6.- John R. McLean said to-night: "I have nothing to say beyond my statement of this morning, in which I said the Democratic ticket would receive many thousands more votes than the Republican ticket."

NASH EXPECTS TO WIN BY 50,000 PLURALITY IN THE STATE OF OHIO.

OLUMBUS, O., Nov. 6.—To the Editor of the Journal: I have just returned from a tour of the State, having made fifty-three speeches. I have not had time to do any figuring on the result, but I have no information at hand that would cause me to change Colonel Dick's estimate of 50,000 plurality for the Republican State ticket. I shall be greatly disappointed if my plurality does not exceed In His Whirlwind Campaign He Has Addressed 150,-GEORGE K. NASH.

LOWNDES EXPECTS TO BE RE-ELECTED ON HIS RECORD AS GOVERNOR.

ALTIMORE, Nov. 6.—Governor Lowndes, the Republican candidate for Governor, said to-day: "I expect to be re-elected. We have made the fight on

it at the polls on Tuesday."

COL. SMITH, DEMOCRATIC CANDIDATE, SEES CERTAIN VICTORY IN MARYLAND.

candidate for Governor, said to-day:

"I am absolutely confident of winning. We are thoroughly organized, there is not the slightest discord in our ranks, and as Mary- spoke to 20,000 men. This is the sparsely settled region, and many of his Baltimore City, too."

ROBERT TREAT PAINE SAYS ANOTHER MONTH WOULD HAVE ELECTED HIM.

OSTON, Nov. 6.—Robert Treat Paine, Democratic candidate being pursued by the Administration in the Philippines is so great fident of the success of his ticket. that if the campaign were to continue another month Mr. Crane They have brought into the State such national figures as ex-Governor Altwould be defeated.

M'LEAN BY AT LEAST 20,000, HIS MANAGER CLAIMS

INCINNATI, Nov. 6.-Lewis G. Bernard, chairman of the Democratic Campaign Committee, said to-night: 1/6

"McLean will carry the State by from 20,000 to 50,000. The fusion has been dropped. Nothing could be wider of the mark. ticket will get a good majority. I concede Jones about 75,000 in the State, and he will pull from the Republicans and Democrats in the ratio of 3 and 1."

DICK CLAIMS OHIO BY 50,000 FOR NASH (REP.).

INCINNATI, Nov. 6.-Chairman Dick, of the Republican State Commit-

tee, said to-night; "The large" vote ever polled in a State campaign will be cast, approximating 950,000. Conceding Jones from 75,000 to 100,000, Nash's plurality

Fusion Ticket Will Win.

By Willis J. Abbot, One of the Bryan Leaders in the East.

MAHA, Neb., Nov. 6 .- To-night Colonel Bryan is making eight speches here in a final attack upon the stronghold of Republicanism in the State, for here in the West the rule which obtains in the Eastern comour record of the last four years and believe that the people will indorse munities is reversed and the cities are Republican, tricts are the mainstay of new Democracy.

Cool observers tell me that not even in '96 did the people of Nebraska turn out so enthusiastically to greet the Democratic leader as they do this year.

> One can get on this last night before the battle almost any sort of an estimate of to-morrow's result. In the Populist State headquarters at Lincoln, a big blackboard bears the inspiring sign: "Holcomb 18,000 majority," and the chairman of the Populist State Committee supports the claim with a multitude of arguments.

Here in Omaha the Democrats have their headquarters, and modestly for Governor, said to-night that in his opinion the awakening content themselves with a prophesied majority of 15,000.
